Further, it was pointed out that Punjab alone contributes 60% of total immigrants moving outside India. Further, the latest data showed that the past average of 85,000 people moving abroad, reached at more than 1,00,000 people during 2019-2020, and the numbers are getting increased day by day. Stress was given on maintaining talent of young people in India itself rather than sending them abroad for economic independence and change in mindset.
